REMOVABLE, REUSABLE BLANKET INSULATION

**FOR...SOUND
ATTENUATION**
**Reduce Harmful
Noise At The Source!**

16"x18" CENTRIFUGAL PUMP

Design: LT450A-TT-1.5" thick
6.0 dBA Reduction

AIR HANDLING UNIT

Design: LT450A-TT-1.5" thick
10 dBA Reduction

INSULTECH *Blanket Insulation...*

...is a pre-engineered thermal acoustical insulation system designed to reduce harmful noise levels and improve the surrounding work environment.

...is custom-fit, through CAD technology allowing versatility in equipment coverage. Virtually any irregular surface can be insulated and multipiece designs are typical for most equipment applications.

...is a top quality design construction. The recommended design LT450A-TT features an inner and outer chemical resistant Teflon fiberglass cloth, with high density fiberglass mat and barium sulfate loaded vinyl.

...is removable and reusable. Blanket pieces can be installed with minimal effort and they feature a stainless steel Wire-twist fastening system. No additional tools or materials are required for installation.

CENTRIFUGAL LIQUID CHILLER

Design: LT250A-VP-1.5" thick
4 - 8 dBA
